Louise is available at 2, but I have a meeting with Courtney. If Courtney can change, then I can, too. My only two meetings on Tuesday are at 10 and 2!

Thank you.

Let me see if I can juggle my schedule. Are you and Louise available at 2 pm on Tuesday?

Good morning, Ken.

Louise is available to meet on Tuesday at 10. I have a Region 5 call at that time, but will try to get it changed.

Thank you.

Good morning Kim –

Due to new developments for this site. Management is requesting that we move on this title search request as soon as possible. Please move this up the chain but behind TC for now. Also, can you set up the initial meeting for this WRF (16) early next week preferably Tuesday at 10 am. Thanks!

Kim, please see the attached request for instructions. We can discuss the completion dates at our initial meeting for this request. Lorraine Refinery merged into Wilcox Oil. Review documents in SEMS for both sites. If you have any questions, please call or email me. Thanks!
